exe created from the setup project, the installation completed successfully but the application seems not updated to the new version.

Project Management Questions To Ask Oracle Projects Implementation Checklist This checklist summarizes each of the steps you follow to implement Oracle Projects.. 11@InstallRoot) Now I do not have this path (no Windows Installer XML in the path).. It appears to me that the installation has not gone through correctly though I did not receive any errors during installation.. But I am getting the error Could not load file or assembly 'wix, Version=4 0 0 0, Culture=neutral, PublicKeyToken=c9acf360d0e036e3' or one of its dependencies.. As Microsoft suggests I am creating setup project using wix and have downloaded and installed wix toolset 3.
